## THE TOUR

Snow Snake now offers an above ground, no experience necessary, high adrenaline rush zip line tour experience.

The tour consists of 10 unique and exciting zip lines that go through thick woods and over deep valleys reaching speeds of up to 25 mph. Each tour typically lasts 1 1/2 hours with easy hiking between zip lines.

At the beginning of each line, guests will climb onto an artfully created platform, zip the length of the line and end using the gravity breaking system on unique natural terrain landings

The total zipping distance of the course is 3,677 feet with the longest zip line a total of 820 feet. The highest zip line is an eye popping 70 feet above the ground.

*Are YOU ready for a fun filled Adventure?*

The tour starts at "Ground School" and works up to the high flying, adrenaline pumping adventure in the sky, zipping through Michigan's beautiful outdoors.

### **Snow Snake's Twin Zip Line**

Two lines placed side by side so you can enjoy your high flying adventure together.
